**FCDI\_HAMPI**  
10th To 13th October 2019

*FCDI aims to stir dialogues within the design community through diverse initiatives that challenge, facilitate and grow; an environment of exchange. FCDI journeys is our sensorial platform to bring the community together within an inspiring and stimulating environment.*

*FCDI curated a trip for Country's topmost 80 Architects to the timeless ruins of Hampi. This diverse architectural journey influenced and fascinated the group and the surreal landscape with its unique rock formations inspired the artist in them!*
